M. Halaman Kelola Sampah Pengelola / Admin

N. Halaman Kelola Nasabah Pengelola / Admin

O. Halaman Laporan Pengelola / Admin

Deskripsi Proyek : Mengembangkan sistem manajemen bank sampah berbasis web yang memungkinkan nasabah untuk menyetorkan sampah, menarik saldo, dan memantau riwayat transaksi secara mandiri. Sistem menyediakan fitur pengelolaan akun nasabah, manajemen jenis dan harga sampah, pencatatan transaksi, serta pembuatan laporan penyetoran untuk mempermudah pengelola dalam mengadministrasi operasional bank sampah secara efektif dan transparan.

Teknologi yang Digunakan :

1. HTML
2. CSS
3. JavaScript
4. PHP
5. MySQL
